+ TRAINING/CERTIFICATION

Adobe Photoshop

Lumbini ICT Campus / 2021

Completed an Adobe Photoshop training course as an integral part of the college curriculum. This training encompassed key aspects of graphic design such as Social media post , enhancing proficiency in tasks such as image enhancement, design principles, and advanced tools utilization. The acquired skills were applied to practical projects, demonstrating the ability to translate theoretical knowledge into creative design solutions.

+ PORTFOLIO

Online Doctor Appointment Booking System

Developed a user-friendly Doctor Appointment Booking website as a project, facilitating easy appointment scheduling with healthcare professionals. The website includes:

- Intuitive Design: Designed a simple and user-friendly interface for easy navigation.
- Appointment Booking: Implemented a system for users to schedule appointments with healthcare providers.
- Basic Features: Included essential features for appointment management and basic notifications.
- Technologies Used: Utilized HTML,PHP, My SQL, CSS, JavaScript for the development.

This project showcases practical web development skills and a focus on creating a functional and accessible platform for users.
